NORTH AFRICA Mid Season Update (Aug 08)

© RCC Pilotage Foundation 2005

The information provided in the pilot book may be out of date and may be changed or updated without notice. Updates are selective. Where information is received from yachtsmen, or obtained from other sources, it may be included in a Supplement issued around Spring time of each year. Supplements may be available from the Publisher and accessed directly or through this Pilotage Foundation website. Information received in-year may be published within this file pending consideration of incorporation in the next Supplement.

Caution. Users should note that this file supports the book 'North Africa' and its most recent Supplement; the cautions and notes recorded on page iv of that book apply. To the extent permitted by law, the RCC Pilotage Foundation and the authors do not accept liability for any loss and/or damage howsoever caused that may arise from reliance on information contained in these pages, and have no liability for any error in, or omission or failure to update such information.

North Africa - 3rd Edition Plans pages 36 and 45.

Considerable work is in progress to enhance the facilities for yachts on the Atlantic Coast of Morocco. Already opened is a major marina in Rabat (page 58) which will benefit yachts going south to Gibraltar in 2008.

Details of this 230 berth marina may be seen on their website www.bouregreg.com. The marina is on the north side (Sale) of the river which has reportedly been dredged to 6m.
